TO ORGANIZE COUNTY MEDICAL ASSOCIATION

Dr. Ralston, Councilor for the State Medical Association in This District To Be Here.

Dr. R. H. Harrison, has just received a communication from Dr. J. H. Florence of Houston that Dr. Ralston, councilor for this district of the State Medical Association, will be in this city on July 6 to organize a county medical association, and that he will be accompanied by Dr. J. H. Florence of Houston and other prominent physicians.

Dr. Harrison requests all the physicians of the city to meet in his office tomorrow at 10 a. m. to arrange for the entertainment of these gentlemen while in the city, and says they should have the best that the city can afford.

SHIPPERS COMPLAIN TO COMMISSION

[By Associated Press.]
Austin, Texas, June 28.—The railroad commission is planning to give hearings to fruit shippers during the next few weeks on complaints that the express service on fruits is poor. The injury to fruits in transit is also charged.

DEMOCRATIC CONVENTION IN ALL NIGHT SESSION

SPENT THE WHOLE NIGHT IN SPEAKING, NOMINATING, SECONDING
NOMINATIONS OF CANDIDATES

Took One Ballot at Daylight and Adjourned
to Four o'Clock this Afternoon—Clark
Led in First Ballot

[By Associated Press.]
Baltimore, June 28.—The official result of the first ballot was:

Clark 440½.
Wilson 324.
Harmon 148.
Underwood 117½.
Baldwin 2.
Sulzer 2.
Absent 2.
Necessary to a choice 728.
Immediately after the first ballot the convention recessed at 7:16 a. m. until 4 o'clock this afternoon.

Looking to Bryan in Case of Deadlock.
The fact that Colonel Bryan received only one vote did not discourage his friends. They believe that he will become the winning candidate in case of a deadlock, and there seems a strong possibility of a deadlock.

Clark's vote was less than his manager's had forecasted, but about what the rival managers conceded.

The Wilson men claimed that, now that the various instructed delegates have cast their votes on the first ballot, they are free to switch to a second choice. The Wilsonites are expecting to gain greatly in these switches. Most of the delegates seemed ready to let the fight, when resumed this afternoon, run along through several ballots before reaching a compromise. There seems little chance for a stampede. Some of the Southern states, particularly those instructed for Underwood, appeared ready to oppose bitterly any attempt to nominate Bryan.

There were eight hours of oratory and demonstrations in nominating speeches. The Clark demonstration lasted one hour and five minutes and for Wilson one hour and fifteen minutes. The voting did not start until 6:43 a. m. Whole groups of men fell asleep before the night ended. Although a great number of women remained in the galleries throughout the night, all but three feminine spectators were seen to sleep.

Mr. Bryan this morning, talking about the revolutionary resolution which he had passed last night, said: "You wait for a week. There has never been such alignment of a political party against the interests."

Woman Suffrage, Initiative, Referendum and Recall Discussed.

The full platform committee, in discussing the draft made yesterday by Mr. Bryan and Senator O'Gorman, today spent considerable time arguing whether woman suffrage, the initiative, referendum and the recall should be inserted. The platform will be tersely worded so no one can mistake its meaning.

James Says No Deadlock.
Chairman Olie James predicts there will be no deadlock, and that a presidential nominee will be chosen without another all night session.

Bryan Offers Radical Resolution.
During last night's session Mr. Bryan introduced a resolution declaring the convention to be opposed to any candidate who is under obligations to the "privilege-seeking class."

Claim Bryan Made Mistake.
The leaders opposing W. J. Bryan openly assert he made a big mistake in offering last night's resolution. They assert it means the breaking of the back of Wilson's candidacy. After one or two more ballots an effort will be made to break up the block of 71 votes cast by Pennsylvania for Wilson.

A One-Term Plank for President.
In view of the known desire to please the Roosevelt followers, surprise was expressed that the platform committee decided to insert a plank favoring only one term for the president. The committee seemed, how-

ever, committed to the one-term feature.

In making the platform there is a constant effort to blue pencil unnecessary words. When Samuel Gompers appeared before the committee he was asked by Mr. Bryan whether the Denver labor plank was not satisfactory. "It was," replied Mr. Gompers. "Reaffirm it and we will be satisfied." "Write that plank," replied Mr. Bryan, "but put it in half the words, and make each of them bristle."

The platform will attempt to demonstrate that the republican tariff is largely responsible for the high cost of living.

New York to Stay with Harmon Second and Then Clark.

New York has decided to vote for Harmon on the second ballot and Clark on the third.

Woman suffrage and the initiative, referendum and recall were stricken from the platform.

Second Ballot Shows Little Change.

The second ballot was taken, but no choice made. There was but slight change from the first ballot.

Clark and Wilson Gained on Second.

On the second ballot Clark received 446 1-2 and Wilson 339 3-4. These were the two highest, Clark gaining 6 votes and Wilson 15.

UNVEIL ROUSSEAU'S MONUMENT

Paris, June 28.—Two hundred years ago today Jean Jacques Rousseau, philosopher and literary genius, was born and the bi-centenary was observed in Paris today by the unveiling of a magnificent monument in the Pantheon. The sculpture is the work of Bartholome, and represents philosophy seated between two figures representing nature. On the left a female figure holding a scroll is symbolic of music, and another woman on the right holding aloft a laurel wreath represents glory. A medallion on the steps bears a profile bas-relief of Rousseau's head. Exercises commemorating the name and fame of Rousseau were held today by literary and civic societies throughout France and Switzerland. The dedication exercises in the Pantheon were attended by President Fallieres and most of the members of the government, the deputies of the national assembly and representatives of all the literary and learned societies of the republic.

Fewer but Better Horses.
Austin, Texas, June 28.—According to the 1911 report of the comptroller of public accounts, there were 1,698, 296 head of horses and mules in Texas on January 1, 1911, and their total assessed value was \$91,742,117. This is a decrease under 1910 of 68,180 in the number of head, but an increase in value of \$7,386,553, or 8½ per cent. Dallas county leads in number of horses and mules, having 24,639, valued at \$1,385,720. Horses and mules are assessed at \$56.24 per head in Dallas county, while the average assessed value per head in the entire state is \$54.02.

Honors for Mme. Patti.
London, June 28.—Mme. Patti, the famous singer, is to receive the freedom of the borough of Swansea tomorrow. This is the first time such an honor has ever been conferred on a prima donna.

Per Capita Wealth Increased.
Austin, Texas, June 28.—According to the 1911 report of the comptroller, the average per capita wealth in Texas is \$945.60, which is an increase during the past decade of \$323.08, or 100 per cent per capita. The total assessed value of property in Texas in 1909 was \$982,187,865, while in 1911 it was \$2,515,632,745.

NO BALL GAME THIS AFTERNOON

The Bryan baseball team were very much disappointed this afternoon by the failure of the Hearne team to arrive on the southbound train, thereby making it impossible to have the game. Circulars had been placed on the streets and every arrangement made, and the Hearne boys were fully expected to come, but failed to show up. The reporter could not get the reason for the Hearne team's failure to come, as none of the Bryan boys could get in communication with them up to the time of going to press.

REGARDING A. & M. COLLEGE LIBRARY

Librarian Quarles Tells What Books Are Most Needed for Working Basis.

As there are no funds available for the re-establishment of the library of A. & M. College, recently destroyed by fire, friends of the college are taking part in a movement to provide a library by contributions of books and money in various parts of the state. Some contributions have already been received and others are expected from day to day. James Hays Quarles, librarian of the college, has been asked by a number of correspondents to outline what is needed, and he has prepared the following general suggestion:

The library has need for the following:

The New International Encyclopedia.
Bailey's Cyclopaedia of Agriculture.
Bailey's Cyclopaedia of Horticulture.
Reed's Modern Eloquence.
The works of any standard English and American authors, such as Shakespeare, Dickens, Thackeray, Stevenson, Longfellow, Pope, etc.

All works on history, especially Grote's History of Greece, Mommsen's History of Rome, Gibbons' The Rise and Fall of the Roman Empire, Guizot's History of France, Motley's The Rise of the Dutch Republic, Green's History of the English People, Bryce's American Commonwealth, Pliske's Historical Writings.

Any biography of American or foreign statesmen, soldiers, scientists and writers.

All books of the following subjects published later than 1895:

Agriculture.
Chemistry.
Architecture.
Physics.
Civil Engineering.

Mechanical Engineering.
Electrical Engineering.
Horticulture.
Botany.
Zoology.
Biology.
Veterinary Science.

The library would receive with thanks files of any standard magazine, especially Harper's Monthly, McClure's, Everybody's, Popular Science Monthly, Science, Atlantic Monthly, Scribner's, Scientific American, Review of Reviews, Political Science Quarterly, Annals of American Academy of Science, the Century, etc., and back numbers and files of all engineering journals are needed.

J. W. Duncan of Palestine, who has been visiting his sister, Mrs. M. T. Brockman, left for San Antonio today. Mrs. J. M. Pankey, who has been visiting Mrs. E. H. Astin, returned to her home at Mumford today.

Mr. and Mrs. W. G. Gale came in today.

W. P. Bullock of Steep Hollow was in the city today.

Hugh Goen of Harvey was in the city today.

Mr. and Mrs. P. L. Barron of Rock Prairie were in the city today.

Miss Zona Holland of Rock Prairie was in the city today.

Mr. Claud Jones of Reliance was in the city today.

Roy Hudspeth of Tabor was in the city today.

A CAR LOAD OF Light Delivery Wagons

We have just received
a car of Light Spring
Wagons suitable for
general delivery purposes. These wagons
are very attractively

designed and finished. Some have seats like shown here while some have seats on the front and fitted with flare boards on the side, making a very handy delivery wagon. Our prices are low for so good a wagon.
